## 'BE PATIENT AND PHILOSOPHICAL'

"It is very important that the finances of this State should reach a normal condition as speedily as possible, and there is every reason to believe that this will be so, IF OUR PEOPLE ARE PATIENT AND WILL VIEW THE SITUATION PHILOSOPHICALLY AND TAKE NO STEPS TO EMBARRASS THE BANKING INSTITUTIONS OF THIS STATE, that are now using every effort possible to restore confidence and to replace the reserves that for several months have been depleted by reason of the movement of crops and by the action of timid depositors, who have withdrawn their money and hoarded it."—Gov. Gillett in message today.

## MRS. BRADLEY, SOBBING ON STAND, TELLS TO JURY THE STORY OF HER RELATIONS WITH MAN SHE KILLED

### Slayer of Senator Brown Reveals the Sad Tale of Her Lover's Advances and of Their Terrible Consequences.

WASHINGTON, Nov. 19.—Mrs. Annie M. Bradley, on trial for the killing of former Senator Brown of Utah, took the witness stand today in her own behalf, and her assumption of that position marked the climax of the already famous case. The fact that her story was to be heard under oath had become generally known and the court room, of limited capacity at best, was crowded long before the opening of the trial, for in addition to the crowd of "regulars" in attendance there were many whose faces are unfamiliar in court, and these included a much larger percentage of women than has heretofore been seen there.

**PRISONER IS AGITATED.**  
Much interest was manifested when the prisoner entered the court a few minutes before 10 o'clock. She was much agitated and seemed almost devoid of courage and strength as she took her customary seat. Fortunately for her, she was not the first witness called, and she was given time to compose herself while Mrs. Josephine Tighe, a local newspaper woman, related the particulars of a call on Mrs. Bradley in the house of detention of December 18 last, while Mrs. Adams also made a call.

The witness said that when she arrived

Mrs. Bradley was lying on a cot apparently asleep, and she did not arouse until Mrs. Adams was announced.  
**INSANE ACTIONS.**  
"Then she suddenly sprang up," said the witness, "and said she would see me immediately. At first her eyes had a dead, fishy appearance, but when Mrs. Adams was announced she became excited and her eyes were bright." She said Mrs. Bradley nervously clutched the bed clothes. Taking all the indications into consideration, the witness said she had reached the conclusion that Mrs. Bradley was insane.  
It was 10:15 o'clock when Mrs. Bradley was called, and she immediately faced the jury and the audience.  
"I call Mrs. Annie Adams," said Judge Powers, and the interest was intensified. He immediately corrected his mistake, announcing that he meant Mrs. Annie Bradley. Then the interest took on another phase of intensity.

**BECOMES COMPOSED.**  
By the time the first question had been put the witness had gathered herself together and her nervousness had well nigh left her. Her voice was low and indistinct, but the tone was firm, so that while the stenographer was at first com-

pelled to repeat her responses to the judge, she soon gained sufficient confidence and strength of voice to enable her to be heard by giving careful attention.  
Judge Powers asked the questions and they were at first directed to developing the history of the defendant, who said that she was 35 years of age, that she was born in Kansas City, and educated in Denver; that she had had smallpox and pneumonia and had been badly hurt by a blow on the head while a child.

**TELLS OF MARRIAGE.**  
She went to Salt Lake City in 1890, she said, and had lived there ever since. She had occupied a clerical position in the Salt Lake water works for three years and eight months.  
"Were you ever married?"  
"Yes, sir, I was married to Clarence Bradley a week after I left the water works. Two children—a boy and a girl—resulted from this union, she said. She had joined the Salt Lake Women's club, a literary organization which gives much attention to civic reform, very soon after her wedding and later became secretary and treasurer. She also became a member of the Women's Press club and the Peace Society.

**MET SENATOR BROWN.**  
It was through her connection with these and political organizations that she became acquainted with Senator Brown. When Judge Powers undertook to develop Mrs. Bradley's connection with politics, District Attorney Baker entered a protest and the lawyers on both sides repaired to the judge's desk with the

## WILL AID WIDOW AND MOTHER OF DEAD HERO

### Friends of Fireman Who Lost His Life Start Subscription List for Bereaved Ones.

The Oakland Tribune ... \$ 50.00  
C. J. Heeseman ... 50.00  
Owens & Starr ... 25.00

Total ... \$125.00

At the earnest request of many citizens who desire to assist the bereaved wife and mother of Fireman Edward Brandt, who lost his life last Sunday night while in the heroic discharge of his duty, the OAKLAND TRIBUNE has undertaken to raise a fund to relieve the urgent needs of those who were dependent on him for support.

The OAKLAND TRIBUNE heads the subscription list today with \$50.  
C. J. Heeseman, the well known merchant of 1107 Washington street, subscribes \$50.

Owens & Starr, the restaurateurs of 464 Twelfth street have subscribed \$25.  
**WILL RECEIVE SUBSCRIPTIONS.**  
The OAKLAND TRIBUNE will receive all subscriptions, acknowledge their receipt in the columns of this paper and turn over the amounts received to the board of police and fire commissioners, consisting of Mayor Frank K. Mott, City

Attorney J. B. McElroy and City Engineer F. C. Turner.  
All those who feel inclined to participate in this worthy undertaking may do so by filling out the accompanying subscription coupon. Mail or send it to the OAKLAND TRIBUNE. The receipts will be promptly acknowledged and the amount turned over to the board of police and fire commissioners.

**PROVED A HERO.**  
Fireman Edward Brandt bravely gave up his life last Sunday night in the performance of his duty while helping to extinguish the fire at the Collins drug store. Beside being a Native Son, he had a wide circle of friends and acquaintances and was very popular among the fire "boys," and those around whom he worked. His pleasing and cheerful disposition, and his eagerness to respond to any fire alarm in his district, no matter what time of day or night, or where he be, won him a host of admirers.

Brandt was a call fireman and in that position received only a salary of \$30 per month. He was a tinsmith by trade and employed by De Luchi & Shufelt. Whenever an alarm was sounded, he left his tinning work and rushed to the fire and helped the regular fire fighters.

## RELIEF FOR THE FAMILY OF FIREMAN EDWARD BRANDT

I hereby subscribe \$..... to the popular fund being raised by THE OAKLAND TRIBUNE for the benefit of the family of FIREMAN EDWARD BRANDT, who lost his life Sunday, November 17, while heroically discharging his duty.

Said subscription to be turned over to and receipted for by the Board of Police and Fire Commissioners, consisting of Mayor Frank K. Mott, City Attorney John E. McElroy, and City Engineer F. C. Turner.

## Wilson Resigns As Commissioner

### Governor Raps High Finance Supplemental Session May Be Called Upon Instigation of San Francisco Supervisors.

SACRAMENTO, Nov. 19.—With the senate occupying the spacious hall of the Union Republican Club and the assembly on the spring dance floor in Turner hall, a black down the street, with Speaker Brandegee's desk in a pastoral scene on the stage under green trees and clusters of vines, the legislature convened in extra session this morning to consider the special legislation for which Governor Gillett issued the call last Friday.

Thirty-five senators were present in the upper house and seventy-four members answered the roll call in the assembly.  
**WORKED MAPPED OUT.**  
Practically the entire work of the legislature was mapped out and decided upon at an informal conference with the Governor yesterday and at a caucus held this morning.

With the receipt and acceptance by the Governor of the resignation of Railroad Commissioner Andrew M. Wilson this morning, eliminating that matter from the subject of legislative action, the only difference of opinion that so far has

## WILSON'S ACTION SAVES ANY FURTHER ACTION IN CASE

SACRAMENTO, Nov. 19.—Just as Assemblyman Johnson was appointed to draft a resolution providing for the removal by the legislature of Railroad Commissioner Andrew M. Wilson, was about to introduce that measure in the lower house this morning, news was received that Governor Gillett had received the resignation of Wilson. This information prevented the introduction of the resolution which Mr. Johnson had prepared. At first Assemblyman Johnson was in doubt as to whether the legislature had power to remove Wilson, but last night after studying the constitution he came to the conclusion that the legis-

## SUPPLEMENTAL SESSION IS ASKED FOR BY S. F. MEN

SACRAMENTO, Nov. 19.—It is possible that Governor Gillett may see his way to call a supplementary session of the legislature as soon as the present extraordinary session shall have come to a close. If he decides to do this it will be out of deference to the people of San Francisco, who desire that more than four of their charter amendments which have been recently adopted at the polls should have been included in the call for the present session.

**SAN FRANCISCO AMENDMENTS.**  
At noon today the Supervisors of San Francisco arrived in this city and went into conference with Governor Gillett on the subject of a proposed supplementary session. They set forth the fact that a number of important amendments which have been ratified by the people of San Francisco had not been included in the call. One of these amendments was the means of bringing revenue of \$120,000 a year to the Board of Education of San Francisco. This proposal had not come into possession of that sum until the next meeting of the legislature in regular session, which will be more than a year hence. The amendment in question authorized the Board of Education to give leases to certain property owned by it for a period of thirty-five years. The present limit of those leases is only twenty-five years. Under the new amendment the board would compute possession of \$10,000 a month or \$120,000 a year.

**CLOSETED WITH EXECUTIVE.**  
The Supervisors urged the Governor to call the supplementary session not only for the adoption of that amendment, but for the adoption and ratification of the fifteen other amendments which were carried by the people of San Francisco, but to which no mention was made in the call of the Governor for the present session. Governor Gillett stated that in the call of the legislature he had included only four amendments simply because those were the only ones referred to him as being of an urgent character by Mayor Taylor of San Francisco. He said that he had no special wish in the matter, but had simply intended to do what he thought was needed most in San Francisco, and that he thought Mayor Taylor knew what was desired. The conference between the Supervisors of San Francisco and Governor Gillett was still in progress at 1 o'clock.

## PEOPLE IN AUTO ARE SHOT AT

### Drunken Teamster Fires on Capt. McKittrick and Wife.

BAKERSFIELD, Nov. 19.—Captain W. F. McKittrick, son-in-law of the late General Shafter and the man who hoisted the American flag over Cuba, was shot at by drunken teamsters near Rose station yesterday while en route from Santa Barbara to his ranch near this city in his big touring car in which were riding besides himself, his wife and chauffeur. At Rose station four large teams were blocking the road and in order to avoid them and the frightening of the animals, Captain McKittrick ordered a wide detour. As the automobile was passing, one of the teamsters raised his gun and wantonly fired. His aim was bad and the automobile and occupants escaped being hit. Officers sent to the scene failed to find the teamster.

## ASSAILANT OF GIRL ESCAPES

### Now Arrested on Serious Charge Baffles Vigilance of Police.

(SPECIAL TO THE TRIBUNE.)  
SAN FRANCISCO, Nov. 19.—Facing a charge of entailing and assaulting pretty Twinkle Lacy, a 15-year-old girl, who lives with her aunt at 1341 San Bruno avenue, Calton C. Patterson made a desperate and successful attempt to escape from the O'Farrell street police station at an early hour this morning. Patterson had been arrested by Officers Burnett and Field yesterday a short time after the alleged crime had been committed.

The story told by the young girl is to the effect that she was coming out of a nickelodeon on Fillmore street when Patterson accosted her, and taking her by the arm, he dragged her to the O'Farrell street station and there he attempted to force her to have sexual intercourse with him. She resisted and he threatened to kill her if she did not comply. She then fled and was seen by Officer Burnett, who arrested her. Patterson was taken to the station and booked at 10 o'clock last night.

## EXPECT BANK TO OPEN SOON

### Nothing definite was determined at the meeting held yesterday afternoon by the board of directors of the California Bank.

The board and the entire bank staff are working hard and everything is progressing favorably in the arrangement of the bank's affairs so as to enable the directors to name a definite day when business will be again resumed in a regular way.

## \$72,900,000 Gold Imported to Date

NEW YORK, Nov. 19.—Engagements of gold abroad for importation to relieve the financial stringency in the United States are nearing a total of \$72,900,000, according to the latest figures from the Helmsbach, Leckelheimer & Co. and the Guaranty Trust Company, both of whom already have made large engagements since the present movement began, announced today that they had concluded negotiations, the former for an additional \$1,000,000 and the latter \$500,000. This brings the total engagements to date to \$72,900,000.

## S. F. BANKS RECEIVE GOLD

### \$432,000 Received by Telegraph at U. S. Sub-Treasury.

SAN FRANCISCO, Nov. 19.—The United States sub-treasury in this city today received by telegraph \$432,000 for three local banks. Sub-treasurer Ralston has been authorized to receive offers of subscriptions to the 3 per cent certificates of indebtedness, which are payable on and after November 20, 1907.

In banking circles great confidence is expressed in the present and future situation. Satisfaction with the financial outlook is also expressed on the Stock Exchange, the market already showing much improvement.

# BULLETS CRASH INTO A STORE, MENACING LIFE

## Shots Accidentally Fired Create a Bad Scare Among Girls Working in an Establishment.

A big steel capped bullet came crashing through the rear window of Lehnhardt's candy factory on Seventeenth street, near eleventh avenue yesterday afternoon and flattened itself against an iron chocolate pot in which Miss Agnes Snow, a chocolate dipper, living at the corner of Fifth and Linden streets, was stirring candy. The sudden thud of the bullet against the pot, and the sound of four pistol shots in the rear of the building, following immediately, created a panic among the girls who work in the factory.

There was a general rush for the street, and in the excitement which followed a hurry call for the police was sent in. Detectives Kyles and McSorley hurried to the scene and made an investigation. It was found the shots had been fired from the workshop of the Houston Electric Company at 520 Sixteenth street, which adjoins the Lehnhardt factory in the rear. The detectives found a great deal of difficulty in discovering the origin of the shots as none of the girls in the factory were able to throw any light on the subject.

The bullet, which so narrowly missed hitting Miss Snow, was found on the floor, and from certain markings it was ascertained that it had been purchased from the National Hardware Company on Fourteenth street. From a clerk at the hardware store it was learned that a 38-caliber revolver had recently been purchased by an employee of the Houston Electric Company. Acting on this information the detectives went to the electrical shop and questioned all the men employed there. One of the workmen finally admitted that he had fired the shots accidentally.

He said that he had been experimenting with his new revolver, which he had carelessly left loaded, and had in some way discharged it four times. When the investigation was concluded the police were satisfied that the shots had not been fired maliciously and no arrests were made.

# LEGISLATURE NOW DOWN TO WORK

(Continued From Page 1.)

caucus also decided that Senators would not draw the \$25 allowed them for contingent expenses by the constitution.

The assembly in caucus limited the expenses of the lower house for clerks, stenographers and other attaches and statutory officers to \$143 a day.

Assemblyman Peter Kelly of San Francisco made a motion to reduce this by \$50 a day and was supported by the entire San Francisco delegation. Little attention, however, was paid to this sudden proposal. Both caucuses decided that the old organization would stand and the former committees be retained.

Following the caucus, the senate promptly convened at 10 o'clock with Lieutenant Governor Porter presiding, and the assembly met half an hour later. The senate read and approved bills and appointed committees to wait upon the governor and notify the assembly that the upper house was in session, in less than fifteen minutes and then took a brief recess.

Upon reconvening, the governor's message was read.

A supplementary message containing the resignation of Railroad Commissioner Wilson and the recommendation that no further proceedings were necessary followed. The senate then adjourned until 2 o'clock this afternoon.

INTRODUCES BILLS.

Following the re-organization of the lower house the governor's message was received and Greve L. Johnson then introduced five bills, four of them amending the civil and political code authorizing courts of justice to sit and transact business on special holidays proclaimed by the governor, and a fifth measure, extending the time for the payment of taxes not more than thirty days at any one time nor more than ninety days in one fiscal year. Chairman Estudillo of the committee on ways and means introduced a bill providing for the deficit of \$1000 in the governor's contingent fund. The bills were referred to the judiciary committee and the lower house adjourned until 10 o'clock tomorrow morning.

# RUSSIANS GUARD TAFT CLOSELY

# Szechenyi Gives Chase to Camera Man

NEW YORK, Nov. 19.—Count Szechenyi, fiance of Miss Gladys Vanderbilt, and Munson Morris, a wealthy club man, chased F. J. Perrett, a snapshot artist, for several blocks and then caused the photographer's arrest because he annoyed the count and a party of ladies by endeavoring to take a snapshot picture as the party was leaving the horse show.

Later, in court, Perrett told an interesting story of the difficulties of his profession and the chances he has to take. Magistrate Dwyer inflicted only a small fine, saying he did this in view of the camera man's frankness.

# American Women at Imperial Jap Party

TOKIO, Nov. 19.—An Imperial garden party was given today. The empress did not attend on account of indisposition, but was represented by the crown prince and princess. About 2000 persons were present. A number of presentations were made, including Mrs. Joseph Steiner of New York, her niece, Carolyn Reynolds of Rhode Island, Mrs. Rodolph Lemieux of Canada and other women connected with foreign embassies.

# HELD ON \$2000 BAIL

Max Schumacher, who was arrested last Monday in San Francisco by Constable W. C. Allen for the alleged theft of a motorcycle belonging to John Modero of Elmhurst, was arraigned this morning in Judge Geary's court. His bail was fixed at \$2000. The preliminary examination will be held tomorrow morning.

purpose of settling the point by a quiet conference. The consultation evidently resulted in a victory for the defense, as Judge Powers was permitted to develop the fact that Mrs. Bradley had taken an active part in political affairs in Utah, where women vote.

UNHAPPY RELATIONS.

"Were your relations with your husband happy or unhappy?"

"Unhappy," was the reply, spoken in a low tone.

She was divorced from Mr. Bradley, she said, in 1905.

The witness then told of being introduced to Senator Brown by her uncle, and of afterwards coming to know him quite well while she was secretary of the Republican committee.

The acquaintance continued to ripen, but when Mrs. Bradley was asked to give a description of this relationship she fell into tears and appeared for a time quite unable to proceed. When she did open her lips no one heard her except the stenographer, who stood at the desk before her. He interpreted her answer to be:

"RIPENED INTO AFFECTION."

"The acquaintance grew into very intimate relations."

"Did the acquaintance ripen into affection?" was next asked.

"It did after August, 1898; I discovered he loved me and afterwards that I loved him."

"Did he at first manifest affections towards you?"

"Yes, many, many times."

"Did he make manifestations of love towards you?"

"Many times."

"Tell the jury how strongly you loved him."

"It was beyond expression."

"Was a child born to you and him?"

"Yes, in February, 1899."

"Tell the jury how you came to enter into these relations?"

# SOBS ON STAND.

This inquiry brought out a long narrative which was so mingled with sobs and tears and told in such low tones of voice that the stenographer was compelled to repeat the story, which he did as follows:

"The Senator told me that he was very unhappy, very wretched. I had told him that our relationship could only result in grief and sorrow, and he replied that he would stay by me all my life, finally he came to me and said, 'Darling, we are going on together all through life; you can't avoid me and I want you to have a son.' Finally, after several months, I consented."

"Consented to what?" asked Mr. Powers.

"To his proposition."

She said the son had been christened in Brown's presence and it had been given the Senator's name. He had wanted to get a divorce and marry her, she said, but she would not consent to break up his home and had tried to break the relationship but he would not have it so and would frequently come to her saying she was the only bright spot in his life.

BELIEVED HIM.

"Did you believe in his protestations of affection?"

"I didn't believe it possible for anyone to ask a woman to have a child and not be fond of her."

# CERTIFICATE DESIGN.

WASHINGTON, Nov. 19.—Designs for the new certificate of indebtedness have been agreed on, and the Bureau of Engraving and Printing has been instructed to proceed with the work.

On the left side of the face will be a vignette of Alexander Hamilton and on the right side of the face will be a vignette of George Washington. The top of the back in large letters will appear the words "Certificate of Indebtedness."

The Panama bonds have been printed and will be ready for issue as soon as bids are accepted after November 30, 1907.

# COUNTRY HOME BURNED.

FRESNO, Nov. 19.—The country residence of Walker, a well-known citizen, on the city limits, was destroyed by fire yesterday, only a piano and some silverware being saved. Seeing that a great fire was going to fall, the neighbors hastily dug a hole and when the crash came the water tank was thrown into the burning property.

# DR. WILLIAMS' PINK PILLS FOR ANÆMIA

Thin Blood, Dizzy Spells, Palpitating Heart and Smothering Sensations Indicate a Condition for Which This Remedy is a Specific.

An anæmic condition, that is, a state of health in which the blood is apparently turning to water, and every organ of the body is suffering for lack of nourishment, can be met only by a remedy that will increase the quantity and richness of the blood.

Dr. Williams' Pink Pills actually make new blood and they have been curing anæmia for a generation. A recent case is that of Miss Nellie M. Danforth, of 60 South Broadway, Akron, Ohio. It was an unusually severe case but was a characteristic one.

The approach of Miss Danforth's trouble was very gradual. She felt symptoms of it for a year and although she was under a physician's care for some time the treatment did not afford her any relief. She says:

"I had weak spells when I felt as though I was going to faint and my heart would palpitate so that I felt almost smothered. I had no color, even in my lips, and my ears were as white as wax. Everyone said my blood was turning to water."

"Whenever I would rise from a chair I would have to hold on to it to steady myself as everything would turn dark before my eyes and all I could see were flashes of light like shooting stars."

"Nothing seemed to help me and when a friend recommended Dr. Williams' Pink Pills I got a box. I began to feel a little better and continued taking the pills until I had fully recovered. I have recommended Dr. Williams' Pink Pills to a number of my friends."

A valuable booklet, "Diseases of the Blood," containing fuller information, will be sent free upon request.

Dr. Williams' Pink Pills are sold by all druggists, or sent, postpaid, on receipt of price, 50 cents per box, six boxes for \$2.50 by Dr. Williams' Medicine Company, Schenectady, N. Y.

# FORTY-SECOND STREET IS TO BE IMPROVED

By the passage to print last night of an ordinance, the City Council signified its intention to pass a portion of Forty-second street, adjacent to the King's Daughters' Home. The proposed ordinance appropriates \$2000 for the purpose, the money to be taken from the funds of the next fiscal year.

When the ordinance came up before the Council, Councilman Everhardt moved suspension of the rules and passage to print of the proposed ordinance. He stated that the directors of the King's Daughters' Home had offered to dedicate a strip of their property, 30x300 feet, for street purposes, if the city would agree to pave the strip. The Realty Syndicate is to have the remainder of the thoroughfare. Councilman Everhardt declared that the plan is to open Forty-second street and make another cross-town thoroughfare in this portion of the city.

A communication from the Secretary of the Board of Works referring to instructions received from the street committee to attend to the erection of bulkheads at Clarendon avenue and Hudson street and at the junction of Technical creek and Alameda street, was read. Secretary Lawrence said that the work at Clarendon avenue and Hudson street has already been completed, and the work on Alameda street will be started in a few days.

# GOVERNOR GILLET'S MESSAGE

## OUTLINES THE STATE'S NEEDS

Imperative Demands Made by the Present Financial Condition.

SACRAMENTO, Nov. 9.—Gov. Gillett's message to the legislature, convened in extra session today, follows:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA, SACRAMENTO, Nov. 19.—To the Senate and Assembly of the State of California, convened in special session:

At the most urgent request of clearing houses, banking institutions, civic bodies and many prominent business men from all parts of the State, I have called you together for the purpose of enacting certain legislation which is believed to be imperative because of the most unusual financial stringency existing today in the State, brought about by conditions existing in the East.

The specific purposes for which you have been called together appear in a proclamation issued by me on Friday, the 15th instant, copies of which will be placed before you.

Several of these purposes I desire herein to call to your special attention, and I ask your careful consideration of them.

It is very important that the finances of the State should reach a normal condition as speedily as possible, and there is every reason to believe that this will be so, if our people are patient and will view the situation philosophically and take no steps to embarrass the banking institutions of this State, that are now using every effort possible to restore confidence and to replace the reserves that for several months have been depleted by reason of the movement of crops and by the action of timid depositors

who have withdrawn their money and hoarded it.

### COUNTRY PROSPEROUS.

The country generally is very prosperous, our State is particularly so, and there is no reason why this prosperity should not continue. Legitimate business everywhere is better. The farmers in every State have been blessed with large crops for a number of years, for which they have received good prices. All the wheels of industry are turning, trying to supply the enormous demands made upon them. All labor is employed at the highest wages ever known, and the merchants have been enjoying a large trade.

There is no poverty in the land, yet in the midst of plenty, and apparently on a most solid basis, and with more money in the country and a larger per capita than we ever enjoyed before, the Nation finds itself in the throes of a money panic.

### GET-RICH-QUICK EVIL.

IT IS QUITE EVIDENT THAT THERE MUST BE SOME CAUSE FOR THIS CONDITION OF AFFAIRS, AND IT IS FOUND IN THE EXTRAVAGANT LIVING, WILD SPECULATION, THE EFFORT TO GET RICH QUICKLY BY GIVING NOTHING FOR SOMETHING, THE STOCK AND BOND MANIPULATORS OF WALL STREET, AND THE ATTEMPT DISHONESTLY AND BY MISREPRESENTATION TO FLOAT ALL MANNER OF ENTERPRISES UPON A SEA OF WATER.

These are the things which have been mostly, if not entirely, responsible for the present financial stringency, and it is only the unparalleled prosperity, distributed among the

### AMEND BANK LAWS.

Our banking laws need to be amended so as to afford better protection to the depositor. The large trust companies and corporations doing an interstate business should be placed under Federal supervision and subject to Federal laws, and if there is no authority for this under the present constitution, then the constitution should be amended so as to grant such power.

I suggest that the legislature appoint a committee to investigate the methods of doing banking business in this State, and to report thereon at the next regular session, together with such recommendations and changes in the law as such committee may deem necessary.

### BALANCE DUE.

Today our banks have large balances due them from the East, amounting to many millions of dollars, which have accumulated there by reason of the movement of our crops to that market. Most of this money should, in the due course of business, have been paid by this time, but because of the financial conditions existing in New York and other Eastern cities, our bankers are unable to secure the balances due them, payment having been temporarily refused.

This, together with the fact that for several months large sums have been withdrawn from the banks and hoarded, has greatly depleted the cash reserve which the banks usually carry and with which the business of our State is carried on.

### INTERESTS IN PERIL.

The effect is that money cannot be secured with which to pay the first in-

stallment of taxes without reducing the reserves to such an extent as to seriously imperil our financial, commercial and industrial interests, thereby jeopardizing the business of the State. In fact, many who have depended upon the banks to supply money to pay taxes cannot pay their taxes at all. Unless some relief is granted the delinquent list will be large, and many of our citizens will suffer a heavy penalty, and so much money will be taken out of circulation at a time when none can be spared as to threaten the very business prosperity of the people.

This relief can come by enacting a law authorizing the Governor, during a great financial stringency, to issue a proclamation extending the payment of taxes for a short period of time. Such a bill will be presented to you for your consideration, and I desire you to give it your earnest attention.

### LEGAL HOLIDAYS.

The financial conditions have been such that it was necessary to declare legal holidays in order to protect our business interests. Other States for the same reason have also declared holidays. While it has been necessary and wise to declare them, still the business of the courts has suffered and there has resulted loss and great inconvenience to many of our citizens. It is possible to declare holidays to protect our financial and commercial interests and still leave the courts open to dispatch a large variety of necessary business. Therefore, the law should be amended so that during legal holidays declared by a proclamation issued by the Governor, the courts may remain open for the prosecution of all criminal actions and proceedings; to conclude any action pending and on trial; in all suits for injunctions; to

## WILSON'S CASE UP TO SOLONS.

"At the last general State election A. M. Wilson of San Francisco was elected to the office of Railroad Commissioner from the Second District. Mr. Wilson has, on several occasions, confessed to having received bribes while a public officer, and today an indictment stands against him for committing the very crime for which he stands confessed. The Constitution provides that the Legislature may, by a two-thirds vote, remove a Railroad Commissioner for dereliction of duty, or corruption, or incompetency. In the proclamation convening this special session, your attention has been called to Mr. Wilson. He is charged therein with corruption and incompetency, and you are requested to investigate the charges. The procedure is left to you, and I have performed my duty by calling your attention to the matter and requesting an investigation at your hands. I feel confident that if you find the charges to be true you will have no hesitancy in pronouncing a proper verdict."—Governor Gillett in message today.

quiet title to real property; for partition; condemnation proceedings; forcible entry and detainer, or unlawful detainer; replevin; ejectment; divorce; probate of estates of deceased persons, and many other matters not necessary to mention.

### LAW NECESSARY.

"This change of our laws I deem very necessary, and I trust the legislature will pass suitable legislation to that end. The law as it now applies to regular and fixed holidays should remain as it is, the change being made only in reference to criminal actions and proceedings; to what may be termed special holidays declared by the Governor's proclamation.

### S. F. CHARTER.

"Several proposed amendments to the charter of the City and County of San Francisco, which were ratified by the qualified electors of said city at a recent election held therein, will be submitted to you for your approval. One of such amendments is of particular importance to the city, and relates to the issuance and sale of bonds for municipal improvements, and in view of the great need of such improvements in San Francisco, it is very important that this amendment should be approved by the legislature. Among these improvements of which

The estimated cost of these improvements amounts to about \$28,000,000 and the money to build the same must be raised by bond issue.

### NECESSITY IS GREAT.

"The necessity for making these improvements alone is sufficient to warrant the calling of an extra session of the legislature, and I apprehend that there will be no doubt in your minds about approving this amendment as well as several others which will be submitted to you.

It is very desirable that the session should not continue longer than is necessary and that every effort be made to keep down expenses to the minimum.

## CITY MAY BUY LANDS EAST OF CHANNEL

Plans Afoot to Improve and Extend Boulevard to Eighth Street Bridge.

OPTIONS SECURED BY CLINTON CLUB

After ordering the appropriation of \$498 for the purchase of a piece of property at Third Avenue and East Tenth street the City Council last night considered the purchase of other pieces of property on the east side of the channel and the general plan of improving this property and extending the boulevard southward to the Eighth-street bridge.

The Clinton Improvement club of East Oakland sent a communication to the Council stating that options had been obtained on the pieces of property necessary to the completion of the improvements on the east side of the channel and that it would like the Council to appropriate sufficient money to take up these options and secure the property by purchase for the city.

Mayor Mott was present and declared that he was in favor of purchasing the property, and many members of the improvement club were in the lobby. After considering resolutions which would appropriate \$998 for taking up the options, the Council voted to refer the proposed measures to the auditing and finance committee.

The entire cost of the pieces of land it is proposed to buy is \$21,000. The options that have been obtained state that \$15,000 in cash must be paid down and \$10,000 on July 1, 1908.

### COUNCILMAN ELLSWORTH.

Councilman Ellsworth said: "This matter deserves serious consideration, as to whether we should acquire these lands by bonds or through the tax levy. I am in favor of taking up these options and then losing the money because we find we cannot acquire the lands. I want to see a way clear to get a bond issue through before I vote to appropriate money to take up the option. I say this in all kindness to the plans of the Clinton Improvement club."

A motion to refer the matter to the auditing and finance committee was passed at this juncture, but at the request of Councilman Everhart the question was reopened. Councilman Everhart said:

"Cannot we trust the Board of Public Works with this money? It is necessary and desirable that we acquire these lands, and improve this section. Let us show confidence in the executive branch and allow it to take up or decline these options."

Councilman Aitken responded: "We should get that property. We

## 14TH STREET OPENING IS POSTPONED BY HOLIDAYS

Improvement Club Members Appear Before City Council Ready to Answer Objections of Protestants.

Contending that the City Council could not legally take testimony in the matter of opening Fourteenth street, the protesters against the proposed movement last night asked for a continuance of two weeks. City Attorney McElroy said that in view of the present succession of holidays he did not believe it would be safe to take testimony in the matter and the hearing was continued for two weeks. Councilman Adams and others, the protesters, stated that he believed the opening of a street to be a judicial act, rather than an administrative act, and for this reason he contended that the taking of testimony would not be legal. The contention was borne out by City Attorney McElroy, who declared that it would be dangerous to proceed with the hearing. Councilman Ellsworth desired an immediate hearing but in view of the statement of the city attorney he agreed to allow the matter to go over.

### IMPROVERS MEET.

The members of the Fourteenth Street Improvement Club gathered at the Austin real estate office, 1115 Broadway, last night prior to their going to the City Council to answer the protest made by several residents living between Alice street and Lake Merritt, against opening Fourteenth street.

The plan, as advocated by the club is to open Fourteenth street clear to Fallon street at a uniform width of eighty feet and from Fallon to Twelfth street to

must have it, or tin cans will be dumped there forever."

### MAYOR MOTT.

Mayor Mott then addressed the Council and his words were received with applause. Mayor Mott said in part: "A long time ago the plan for improving the land on the east side of the channel was fixed. The channel was moved to the east side in order that it would run through the shallow mud and near the solid land. It will be necessary for the city to own the high land on the east side, so that the Lake Merritt waterway can be widened and improved. And this acquiring of land in the past has only way to extend the Boulevard."

"My thought has been that we would put these lands, with others that it has become necessary for the city to purchase, in a bond issue. Or we may pay these lands out of the next fiscal year. I think that a satisfactory arrangement could be made with the property owners."

### INDORSERS CLUB.

"I think the city should acquire all the lands designated by the improvement club. The prices they have obtained are good. I believe the city has done well in all its purchases of land in the past. I think the purchasing of these lands would be a great thing. "We cannot afford to lose this opportunity, as it is absolutely essential that we buy these lands at once."

Councilman Pendleton wished to have the matter laid over for consideration by the committee, while Councilman Burns declared his readiness to vote on the question at once.

President Ellsworth ruled that the matter go to the committee.

## MUST EXPLAIN BROKEN PLEDGE

Council to Demand of G. D. Gray Reason for Failure to Improve Streets.

George D. Gray has been cited to appear before the City Council and explain why he has failed to keep his promise to the city to expand \$75,000 on that portion of King street between Frederick and Shasta streets, and that portion of Mills street between the same streets. The promise was made in April, 1906, when on the strength of Gray's agreement to expand the amount stated in earth-filling and the construction of wharves, buildings, railroad tracks, etc., the City Council passed an ordinance closing and vacating the above named portions of the streets.

PERSONAL EXPLANATION. Councilman Aitken called attention to Gray's failure to make any of the improvements promised, and expressed the opinion that the city should take immediate steps to re-open the streets. A resolution calling upon Gray to make a personal explanation of the failure of the matter, and directing the city attorney to take steps to protect the city's interest in the property involved was thereupon passed.

## WESTERN PACIFIC GRANTED GREAT WHARFING PRIVILEGE

Franchise Gives Company 1000 Feet for Fifty Years at a Total Rental of \$75,000.

Final passage was given last night by the City Council to an ordinance granting shore, between the Oakland mole and the city's water front, of the west shore, between the Oakland mole and the government bulkhead. The railroad company has agreed to pay \$1000 a year for the first twenty-five years of the life of the franchise, which is for fifty years, and \$2000 per annum for the remainder of the term. The rent is to be paid on or before the second day of January of each year, and in the event it is not paid, the city will have the right to forfeit the docks within six months and they must be completed within six years. The railroad company must dredge and maintain its own docks for deep water vessels. An amending ordinance, combining all these agreements, had been referred to the ordinance and judiciary committee.

When the ordinance came up for final passage, Councilman Pendleton said: "There was some objection among the members of the Council against the granting of this franchise, because they thought that the city should get something for the privileges they would confer on the Western Pacific. The company has agreed to pay rent and above all has recognized the right of the city to control the wharfing out privileges. The company desires to have the original ordinance passed and have offered an amending ordinance, which incorporates the agreements. These agreements mean a monetary gain of about \$75,000 and more than this, recognition of the city's rights."

Councilman Burns said: "As the company has now agreed to pay for the priv-

ileges we would bestow upon it, I withdraw my former objection."

### WOULD OPEN MANY STREETS

Councilman G. E. Aitken last night introduced into the City Council a proposed ordinance which provides for the opening of all the streets from Fifth to Twenty-first avenue in East Oakland. Twenty-first avenue in East Oakland Pacific Company south to the water front. Councilman Aitken asked for a suspension of the rules in the matter, but the action was finally postponed until next Monday night.

Councilman Aitken said in part, in introducing the resolution: "There are big industries doing business on Section's basin that have no accommodations at all. We need them and we should give them accommodations so that they will stay there. At present it is impossible for them to take anything to their places from the landward side. They have no fire protection and there is no way for the fire apparatus to get there. In time we will have to have overhead roads across the railroad tracks. We should take action in this matter at once."

The members of the Council accepted an invitation from Councilman Aitken to look over the situation next Saturday afternoon, the meeting place being Clinton station, at 2:30 o'clock.

## HYDRANTS WITHOUT WATER IS CLAIMED

City Council Cites Fire Chief to Appear and Explain Charge.

Because of the assertion by Councilman Harold Everhardt that fire hydrants have been erected in places in this city where there are no water mains to connect them with, and thus afford a water supply, the City Council last night requested that Fire Chief Ball, who recommends the location of the proposed hydrants, appear before the Council and answer Councilman Everhardt's statement. The members of the Council stated that they could not see why hydrants should be located in places where there is no water supply. Councilman Everhardt stated that Chief Ball had been acting in good faith in making his recommendations, relying upon the promise of the water company to install mains wherever necessary.

HYDRANT BILL PASSED. The discussion followed the introduction of a resolution, ordering that hydrants be erected at Ealsey and Hopkins streets, Stephens and Hopkins streets and East Eighteenth street and Eighteenth avenue. The measure was passed, with the provision that the hydrants should not be erected until the necessary water mains had been installed.

An ordinance prohibiting the storage of hay and other combustible material in certain sections of the city was passed to print.

TO INTERFERE IN ZAZA ROLE

Manager Bishop Answers Popular Demand by Placing Two Noted Women Artists.

In response to a very great popular demand Manager Bishop of the Liberty Theatre presents for another week the popular "Zaza" with Zetta Jewel and Isabelle Fletcher alternating in the title role. This plan is something new, indeed, it has only been tried once with any degree of success. When in 1890 Henry Irving with great courtesy invited Edwin Booth to his theater and they played Othello alternately in the roles of Othello and Iago.

The present plan of Manager Bishop, has aroused great interest and friends and admirers have ranged themselves as champions of the one favorite against the other. The battle, however, is fought without generals, for both ladies are enthusiastic admirers of the talents of the other, are good friends and do their best to give the public a good performance of this great role.

**OPENING PERFORMANCE.**

Miss Jewel, before a large audience, gave her opening performance last night and will play again on Wednesday, Friday, Saturday and Sunday evenings. Miss Fletcher will play the other nights in the week and the Saturday and Sunday matinees. Competitions are usually odious, but in this case they can be made with perfect good taste and fairness. The "Zaza" of Miss Jewel is the most original of the two. She strikes into entirely new lines presenting a youthful character, a girl of the underworld, impulsive, apparently coarse in manner, possessing all the weakness of frail humanity; she meets the man she loves and all her frailties seem to crystallize themselves into loyalty to her lover. Doubting him, she visits his house and with much pathetic emotion sees his child, his first home and with a reverent bow meets and parts with his deceived wife. Still her loyalty is unbroken. She goes back to her home, the one poorly furnished and more poorly kept, and with a rare touch of dramatic finesse given by the talented young actress, endeavors to strengthen his love for her by trying to make the house he has provided as neat and as comfortable as his own home. Learning of his intention to desert her, she in a fit of anger, and passion, portrayed with great dramatic force, sends him from her sight, loses him forever, and in doing so finds her love is dead to her, and she starts on her career to the heights of fame alone.

**AFTER TWO YEARS.**

After two years she meets again her old lover, Bernard. He is now the rich man who is going to his child, and to his wife, a show of welcome and she passes on her love's dead. This is the Zaza as portrayed by Miss Jewel, and a careful analysis fails to find anything objectionable in it, but much good and a careful study of the picture will be disappointed, but much misunderstood class.

Nothing but an outflowing stream of the milk of human kindness can ever work itself in anyone's mind on seeing such a performance.

The rendering of Miss Jewel is the one which appeals most to the critic and the true lover of dramatic art.

**MISS FLETCHER'S ZAZA.**

Miss Fletcher's Zaza is the emotional woman gone wrong, and raised from the depths by love, and left there a blighted life to find its way to triumph. In a storm of passion she loves and loves and triumphs over a type of character more spectacular, and therefore appeals more to a public which loves pictures of bright coloring. Both do good work in the part, the one, Miss Fletcher, seemingly puts all her power into the picture, other giving the picture all it requires and still having a reserve force.

A favorite choice is a matter of individual taste, depending somewhat on the artistic or mental temperament of the individual.

**SIGNAL SERVICE.**

One thing can be said without dispute that Manager Bishop has rendered a signal service to all lovers of dramatic art and theater goers who go to the theater to be amused by putting on this wonderful life play with two such talented actresses in the leading roles, and the glorious stage settings as he has done in the present instance.

The support given Miss Jewel last night is also worthy of mention. Miss Georgie Cooper doing good work as the aunt, and Landers Stevens showing marked promise as the doctor. A suggestion with considering discussed in the lobby during one of the intervals last night was why not put on some play alternating Landers Stevens and Henry C. Mortimer in the leading role.

"At the White Horse Tavern," a German comedy which gave such satisfaction last winter, will replace Zaza next Monday night, making an acceptable offering for Thanksgiving week.

MISS AVIS STERLING TOWED W. LEMERT IN THE SPRING

MISS AVIS STERLING.

Engagement of Mrs. Frank C. Haven's Niece to Oakland Business Man Is Announced.

The engagement is just made public of Miss Avis Sterling and Walter Lemert. The bride-elect is the daughter of Mrs. Mary H. Sterling and a niece of Mr. and Mrs. Frank C. Haven of Piedmont.

Miss Sterling has traveled extensively and although recently from an eastern school, has gained recently from the younger set. Miss Sterling is a sister of George Sterling, the poet.

**RETURNED FROM SAG HARBOR.**

Miss Sterling returned recently from Sag Harbor, where she stayed at the eastern summer home of the Frank C. Haven. Mrs. Haven has entertained frequently for her niece, and as a bride-elect Miss Sterling will be one of the favored guests this winter at a series of affairs.

The engagement has been persistently rumored for several weeks, but the formal announcement has just been made.

Walter Lemert is well-known in the business circles of this city. For many years he was connected with the Oakland Bank of Savings, where he handled the realty loans, and was accounted one of the expert business men and well informed on real estate transactions. Since the incorporation of the Wickham Haven Company, Lemert has had executive control of their business.

No definite date has been mentioned for the wedding, but it will probably be an event of the early spring.

WANTS ACCOUNT OF HIS MONEY

Wealthy Man's Former Wife Claims That He Neglected Children.

CHICAGO, Nov. 19. — Mrs. Madeline G. Kirk of Pasadena, California, yesterday filed a bill in the Superior Court against her former husband, James M. Kirk, asking for an accounting of money received by him from his father's estate. This was filed immediately following the information received by Mrs. Kirk that her husband had remarried in October last.

Kirk is a son of the late John B. Kirk of Evanston, Ill. He died November 8, 1904, leaving an estate valued about \$500,000. One-sixth of this estate was given to the wife of the defendant to be held in trust for James Kirk, the income to be paid to him for the support of himself and family as long as he should live, and after his death to be so disposed of as he should indicate by his will.

Mrs. Kirk alleges that her former husband has refused to give anything to herself or children, excepting \$100 as a Christmas present, December 25, 1905.

WANT SPEEDWAY AT LAKE MERRITT FOR FAST HORSES

The Oakland Drivers' Association has presented to the City Council a novel plan for a combination speedway and public playground at the north end of Lake Merritt. The plans, as read at the City Council meeting last night, propose the construction of a circular driveway with horsemen of the city can exercise their trotters and pacers and speed at will. The enclosure within the driveway is to be converted into an elaborate playground for the children of the city. The plan was referred to the improvements committee for further consideration.

BOY BANDIT ON WAY TO PRISON

Sheriff Barnett left for San Quentin this morning with Percy Pembroke, a boy bandit serving a ten-year sentence for highway robbery. For the past two years Pembroke, who is known as the boy bandit, has been in the County Jail, trying every loophole the law offers to escape going to the penitentiary. But every inch of the ground has been fought and he has lost. With good behavior he will be released in six and one-half years.

Pembroke was first arrested July 2, 1905, in Geary Boulevard and John Schneider, both serving life sentences, he was accused of the brutal murder on the San Francisco coast of Thomas Cook, a fruitvale grocer. Cook was beaten to death with a piece of lead pipe and then robbed of his money. Cook and Schneider were convicted of murder in the first degree but young Pembroke, after two hard-fought trials, was acquitted. He was immediately arrested on a charge of conspiracy in the hold-up of Edward Stanley, in East Oakland, October 8, 1904. James Cromwell is now charged with the murder of Stanley. Pembroke was given ten years in prison. Cromwell pleaded guilty. In Pembroke's trial Cromwell testified against him.

With the sending of Pembroke to the penitentiary Sheriff Barnett has succeeded in breaking down the last link of a gang that for a long time terrorized East Oakland and vicinity. Watch was kept for a long time and the last link of the gang was broken. Evidence secured to break up the band of desperadoes. Pembroke was but 18 years old when arrested. His wife, Grace Burton, was with him until the last day. She wept bitterly when he was taken away. Pembroke's parents and brothers were also with him until the last.

BIG OAKLAND DELEGATION WILL GO TO WASHINGTON

Representative Men to Start From This City Thursday to Attend the Rivers and Harbors Congress.

Bound for an extended trip through the south on its way to the nation's capital, the Oakland delegation to the National Rivers and Harbors Congress will leave this city at 10 o'clock Thursday night from the Santa Fe depot at Fortieth street and San Pablo avenue. And with it goes practically the entire representation that California will have upon the floor of one of the most important organizations in the country in the framing of laws for the betterment of the waterways and the harbors throughout the United States. While her sister cities have not yet recovered from the blow struck by the sudden stringency in the money market, Oakland, the city that's doing things, is sending on as staunch a delegation as California can boast to present the needs of the State to the National Rivers and Harbors Congress. Whether Los Angeles or San Francisco send delegates or whether they do not, Oakland will be the fore with sixteen of her best citizens as representatives of the city and of the State.

It was several weeks ago, after the visit to this city of John A. Fox, special director of the association, that Bernard P. Miller, recently director general of the highly successful carnival held at Idora Park, undertook the work of organizing a delegation to represent Oakland in what was thought then would be a general movement throughout the State to send delegates from every section of California to Washington. The work of organization was confined to Oakland and in a short time there were twenty-five names available. Fifteen men could be counted upon and the other ten were doubtful. And so, with the date upon which the start will be made only a day or so away, there are fifteen of the foremost citizens of Oakland ready to leave and lend their support in the discussion of legislative measures to be presented to congress a year from now and designed to help every harbor and waterway in the United States.

**REPRESENTATIVE MEN.**

Those who will comprise the party are: Ex-Governor George C. Fensholt, who will act as chairman of the delegation; Congressman Joseph R. Knowland, Bernard P. Miller, M. J. Layman, E. C. Sessions Jr., Dr. D. A. Proctor, B. A. Perry, Captain O. Girard, H. C. Cutting, George H. Maxwell and Charles H. Brennan, secretary of the delegation. This party will be accompanied by Mrs. Pardee, Mrs. Miller and Mrs. Perry. In Washington the delegation will be joined by Charles G. Yale, M. S. Hamilton, F. A. Leach Jr., Senator George C. Perkins and Guy C. Earl.

It is planned to leave Oakland in a special car that will carry the party straight through to Washington. The first stop will be made at the Grand Canyon of the Colorado, where the delegation will enjoy the wonders of the spot. As the trip is one of pleasure as well as one of duty, the party will be stopped at Albuquerque and El Paso, and then the journey will be continued to Houston and Galveston, at which latter place an inspection of the harbor will be made.

**AWAY DOWN SOUTH.**

The next stop will be at New Orleans, where a day will be spent inspecting the harbor at that place. Then Atlanta, the principal city of the new South, will entertain the delegation for a day and the main line will be left for Charleston. Here another harbor will be inspected and then the run will be made straight to Washington.

The convention is to be held on the days of December 4, 5 and 6. There will be three thousand delegates on the floor and all legislation pertaining to harbors and waterways will be thoroughly discussed. Addresses will be made by some of the leading men of the country. All matters pertaining to appropriations for harbors and rivers will be given consideration and recommendations will be made to Congress that a year from now can be considered in making up the appropriation bills.

After leaving Washington most of the members will go on to New York. From that city they will take routings of their own choosing for Oakland.

**QUEST FOR INFORMATION.**

In order that statistics and data relating to the advancement and progress of some of the big eastern cities may be collected, Bernard P. Miller, accompanied by Mrs. Miller and Secretary Brennan will visit Cincinnati, Chicago, St. Louis and Denver with a possibility of a stop at Boston. The object of these visits will be to gather information as to how cities are most advantageously advertised, it being the intention of the chamber of commerce to put into practice some of the schemes of other cities should they prove better than the plans already adopted for Oakland.

Secretary Brennan was last night appointed commissioner for the city to collect the data necessary for the launching of a big advertising campaign for the city and to make a study of harbor and waterway conditions throughout the country.

LEFT ENOUGH TO PAY DEBTS

Funeral of Major McLaughlin and Daughter is Now Being Arranged For.

SANTA CRUZ, Nov. 19.—The bodies of the late Major Frank McLaughlin and his daughter lie embalmed, awaiting the funeral, which in all probability will be conducted Wednesday. Sam Rucker, reported to have been Miss McLaughlin's fiancé, has been making final arrangements for the shipment of the bodies East. He conferred with Judge Henshaw last night. A simple and impressive service, which will be private, will be held over the bodies here.

It is expected that a church funeral will be held on the arrival of the bodies in Newark, N. J., where, with the remains of his first wife, daughter, Francis McLaughlin will be laid to rest in the family plot.

It has been ascertained that the Major's resources are more than sufficient to pay all debts, and after bequeathing numerous personal effects to friends and faithful servants, McLaughlin asks that the residue be given to Mrs. Tarkenton of Newark, N. J., a sister of his deceased wife.

SCHOONER WATCHMAN FRACTURES ONE LEG

John Anderson, a watchman, 63 years old, was treated at the receiving hospital at 3 o'clock this morning for a fractured leg, the result of an accident on board the schooner Jessie Martin in the estuary. Anderson was on watch on the schooner and while making his way in the dim light from one portion of the boat to the other he stumbled over a pile of cordage. His cries aroused other occupants of the vessel and as soon as possible he was placed in care of a surgeon. At the emergency hospital Dr. W. H. Irwin attended the aged caretaker, after which he was removed to his home at 1719 Stanton street, Alameda.

MIZPAH SOCIETY HAS FINE PROGRAM READY

An entertainment which promises to be a very successful affair has been planned by the Mizpah Society of the First M. E. Church for next Friday evening.

The program will be interpreted by talented artists about the bay such as Claude Friel, a dramatic baritone, well known to musical lovers of both Southern California and Oakland, and Will Robinson, basso of the Artistic Club, who has been secured to sing one of the latest illustrated melodies, after some difficulty.

Miss Ethel and Hazel Tuck have decided to render a duet for the occasion. They are both well known in entertaining circles about Oakland. Miss Alice Burton, well up in the art of elocution, is also on the program. Another great feat will be the music furnished by J. Roberts, piano soloist, Miss Lottia Kyle, violin soloist, also G. Litredick, an artist and master of the violin and Miss Pearl Jenkins, cornetist. Two reels of motion pictures will complete the program.

JOKE IS ON OBLIGING AUDITOR G. S. PIERCE

County Auditor George S. Pierce, in return for a favor to an Oakland woman today received the following communication: "Dear Sir: Your favor of the 14th has been received and I thank you sincerely for the trouble you have taken with me. I will send \$1.40, the required amount to get the redemption papers to be sent to me. I will send it to the square thing by the Italians and everybody else, but I find it impossible to find a man who will take it. I will take it in sight, and I am Irish and I won't stand it."

"P. S. When apple time comes, come and see me, bringing a basket for crab apples. Bring your wife and the young Pierses."

The laugh is on George because there are no young Pierses in his family. He was married about a year ago.

2 INJURED MEN ARE TAKEN TO HOSPITAL

Pat Callon, a minor, made a mistake in walking down the stairs at his home, Seventh and Franklin streets, last night, and found it necessary to take a trip to the receiving hospital for repairs. He was treated by Wardman Page for two ugly cuts on his forehead.

Charles Weisser, a tailor, living at 556 William street, was struck by a car at Twelfth and Broadway last night while attempting to cross, and bruised. Having a broken leg, he was taken to the receiving hospital.

SMELTING COMPANY'S RECEIVER APPOINTED

TRENTON, N. J., Nov. 19.—Judge Lanning in the United States Court this afternoon announced the appointment of J. Kearney Rice of New York as receiver for the Artif for which was made last week.

LLOYD IS AGAIN PARK COMMISSIONER

SAN FRANCISCO, Nov. 19.—Reuben H. Lloyd, the attorney, was appointed a member of the park commission yesterday by Mayor Taylor to fill the unexpired term of William H. Brown. Lloyd recently tendered his resignation. A few weeks ago he announced his intention to retire, stating at the time that the press of private business made his withdrawal necessary.

DECIDE RECOUNT LAW IS UNCONSTITUTIONAL

ALBANY, Nov. 19.—The Court of Appeals today decided that the act passed by the legislature providing for a recount of the votes cast at the majority election in New York City in 1906, is unconstitutional. The contest was instituted on behalf of William R. Hearst by his attorney, Mr. J. M. Smith, on the ground of fraud in the counting of the votes. The decision of the court was unanimous.

**THUGS BREAK WOMAN'S NOSE.**

As a result of the bold but unsuccessful attempt of a gang of youthful highwaymen to hold up and rob a Cavell in West Oakland last night, Mrs. J. Bruschini of 1681 Seventh street is this morning nursing a fractured nose, caused by a stone hurled by one of the would-be robbers at his intended victim.

The stone went wide of its mark and struck Mrs. Bruschini fairly in the face, crushing the bridge. Dr. T. Kane was called in to treat the injury. As soon as the boy robbers saw that the woman was hurt they ran away in the darkness and thus far they have escaped arrest.

SMELTERS RUN NIGHT AND DAY

NEW YORK, Nov. 19.—Daniel Guggenheim, president of the American Smelting and Refining Company, in a statement issued here, said that his company is co-operating with the state to meet the unusual demand for lead.

PERFORMING LEOPARDS MAKE HIT AT NOVELTY.

The new show at the Novelty Theatre, with the big headline attraction of Miss Lucretia's trained leopards and panthers, and drew an immense house at its first night. The show is one of the rare instances where a woman has succeeded in training animals of the feline variety to do beautiful specimens of jungle bred animals, and have not so it would seem by their fierceness, but quite used to captivity. The show is a very dramatic measure to make them "behave."

The balance of the bill is very good and comprises a most thrilling aerial act comprised from the dome of the theater on the high trapeze and has a most sensational finale in the form of a "dive" from the top of the dome. The show is one of the rare instances where a woman has succeeded in training animals of the feline variety to do beautiful specimens of jungle bred animals, and have not so it would seem by their fierceness, but quite used to captivity. The show is a very dramatic measure to make them "behave."

The two sets of motion pictures that are both very funny.

TRIES TO STOP ARREST BUT GETS IN JAIL

C. Brecker, who is charged with passing a forged check for \$250 on N. A. White, a bartender in the saloon of Occar Rogers, at Seventh and Washington streets, was arrested at the saloon last night by Policeman Tusher. Brecker, hoping to escape arrest, had visited the saloon again. It is alleged, to persuade White to let the matter drop. The police were notified and Policeman Tusher arrived in time to take him into custody before he did so. The trouble was drawn on the First National Bank, and Brecker was signed by S. E. Hogue, a manager for the National Casualty Company of Detroit, Mich. On Oct. 17 Brecker went to Rogers' saloon introducing himself as a representative of Hogue & Company. ## Increased Salaries for Extramen.

About three weeks ago a petition was filed with the Board of Fire and Police Commissioners, signed by the eighty extramen employed in the fire department, for an all-round raise of \$10 per month in their salaries. The petition was at the time referred to the Committee of the Whole, which does not meet until the first Monday in December.

The present salaries paid to these eighty extramen is only \$40 per month to foremen and \$30 per month to the remainder. Until about three years ago their salaries were only \$20 and \$30 per month, respectively. These extramen are subject to call at the sounding of every fire alarm. The city has grown enormously during the past three years. It is growing more rapidly than ever now. In every part of the city, therefore, buildings are crowding closer together and rising higher in the air. As a natural consequence fire alarms are steadily increasing and the extramen are being called out more frequently. Under these circumstances there can be no question in any one's mind but what these men are underpaid, particularly when it is considered that the regulars in the fire department—stokers, drivers, tillermen and stewards—draw each a monthly salary of \$100 and engineers \$125 per month each.

The primary trouble of an underpaid corps of extramen lies in the fact that the city has outgrown the old form of fire department organization. The department needs reorganizing on a full paid regular basis which will abolish the extramen and put its employees on permanent duty. This is the view which the mayor and, we believe, his associates on the Board of Fire Commissioners, take. But the latter hold that it is too late to do this now, for the current fiscal year, as the estimates have been made, the tax levy fixed, and the revenues apportioned to the various funds.

In August the Mayor and other members of the Board of Public Works and the Fire and Police Commission and the Council met together and revised the salary list. In the Fire Department salary list, regulars were advanced from \$80 to \$100 per month and engineers from \$120 to \$125. Nothing was done to the salaries of extramen, because no petition for an advance was made. The estimates for the fiscal year, the tax levy and the apportionment of the revenues were respectively based on this revised salary list. The extramen's petition for a raise came in late. How to grant the request is what is perplexing the Mayor and other Fire Commissioners.

So much of the fiscal year has passed that the total amount involved is less than \$3000. Probably some method can be devised whereby a transfer of that amount from the general fund to the fire department fund can be made without interfering with or crippling any public interest to which the general fund is pledged. The extramen are unquestionably deserving of every cent of the advance they ask. There is not a worthier class of men in the city's service; none harder worked, none who take greater risks of life and limb, as was conspicuously demonstrated at Sunday night's Washington street fire when one sacrificed his life and others came near losing theirs in the performance of duty; none who more honestly earn what they receive, and none better entitled to receive the increase in pay which they ask. To these facts consideration should be given by the Fire Commissioners and the Council when the matter comes up for final action, even if something else must be stunted to provide the necessary \$8000 needed to comply with the petition of the extramen.

As we predicted President Wheeler began addressing the American people, through the medium of obliging press correspondents, from the White House steps as soon as he reached Washington. The good doctor is addicted to the habit of going to the capital on the eve of each session of Congress to give his approval to the course of the administration and assure the country that all is well. President Wheeler has diagnosed the financial situation and pronounces the trouble to be too much twenty-three banking. At least that is what the Call says, and the Call has been for some time the chief Wheeler megaphone. The blue and gold president also approved the measures taken by Secretary Cortelyou to ease up the stringency and graciously prophesied that the panic will be soon a thing of the past. Thousands of financiers and statesmen had previously expressed the same view, but their opinions were unconvincing till Dr. Wheeler spoke. Then the assurance that the country is safe became universal. But my! what an awful mess things would have been in if President Wheeler had failed to make his usual jaunt to Washington this fall!

## Helping an Industrial Center.

Deepening and widening Napa river by dredging, for the improvement of the navigation of the stream by light craft is about to begin under the auspices of the United States army engineers.

Napa river and Petaluma creek constitute the only two minor fresh water streams in California outside of the Sacramento and San Joaquin valleys, which are in any degree navigable or susceptible of improvement for the purposes of navigation. Both Petaluma and Napa City have of late years become important industrial centers, particularly the latter. The former has developed into the most important poultry-raising center in the State, the continued success of which is, of course, dependent upon cheap transportation to San Francisco bay markets which is guaranteed to it so long as the Federal government keeps Petaluma creek and the channel through the southwestern end of San Pablo bay open for light draft steamboats and bay sail craft. Napa City has, on the other hand, grown within a few years into one of the most active manufacturing centers in California. When cheap electric power was brought down to the bay region from the northern Sierran streams shrewd and farseeing manufacturers saw their opportunity and promptly seized it. Napa had always been conspicuous in their mind's eye as an ideal place for the location of certain enterprises in which they were interested owing to the favorable combination of rail and water transportation to the market for their products in the populous cities around the bay. Cheap fuel was the only thing that was needed to complete its advantages, as land was cheap and the area at their disposal ample. Before the development and delivery of cheap electric power manufacturing at Napa was handicapped by the cheap fuel which Eastern manufacturers had at their command; but as soon as current was brought down within reach of Napa by the Bay Counties power lines from Colgate, Nevada county, the situation was at once changed.

Since then a group of manufacturing industries have been in steady operation. These manufactories give employment to many hundreds of operatives. Their number is, moreover, increasing yearly. As a result Napa has become one of the busiest towns of its size in the State, and its people are enjoying an unprecedented degree of prosperity. It is essential to its future prosperity and

## Season of Coughs and Colds is Upon Us.

Now that the season is approaching when people are most subject to the unpleasant experience of colds, with the consequent wearing strain of coughing, and the danger of more serious trouble apt to follow neglect, the following simple formula is most timely. It is said to break up a cold in 24 hours and cure any cough that is curable. Mix thoroughly a half ounce of Virgin Oil of Pine with two ounces of good whiskey. Use in teaspoonful doses every four hours. Five ounces of tincture Cinchona compound can be used in place of whiskey with the same effect.

The ingredients are inexpensive and can be purchased without trouble at any good drug store. To avoid substitution of some inferior pine product for the Virgin Oil of Pine, it is better to purchase each separately and mix them at home.

The genuine Virgin Oil of Pine is put up for dispensing, only in 1/4-ounce vials, each vial securely sealed in a round wooden case with an engraved wrapper showing plainly the name—Virgin Oil of Pine compound pure, guaranteed under the Food and Drugs Act of June 30, 1906, Serial No. 451, prepared only by Leach Chemical Co., Cincinnati, Ohio. Be sure to get the genuine, as the oil is sold in bulk and cheap imitations put out to resemble Virgin Oil of Pine in name and style of package are ineffective, being largely composed of distillation of pine needles, or 'saves,' instead of from the pine tree proper.

These pine needle pills are not intended for internal use, and when taken internally usually cause nausea. Their use is mainly confined to the manufacture of soap and similar purposes.

Industrial expansion that the Federal government should improve, for the benefit of commerce, the little stream at the navigable headwaters of which the city is located to its highest degree. Properly fostered the development of Napa as a manufacturing city is unlimited. All depends upon the depth of water in the river which the United States government will give it by dredging.

## CAN'T BE SEPARATED

Some Oakland People Have Learned How to Get Rid of Both.

Backache and Kidney ache are twin brothers.

You can't separate them.

And you can't get rid of the backache until you cure the kidney ache.

If the kidneys are well and strong, the rest of the system is pretty sure to be in vigorous health.

Doan's Kidney Pills make strong, healthy kidneys.

J. C. Collins, retired, 2613 Central ave., Alameda, Cal., says: "Off and on for a great many years I have suffered from backache and attribute the trouble to a strain on my kidneys. I was bothered most while standing and when I stooped or lifted the pain was always more severe. My rest at night was greatly disturbed on account of the too frequent action of my kidneys. Doan's Kidney Pills were brought to my attention and I procured a box. I started taking them as directed and was well rewarded. The great benefit I derived from the use of Doan's Kidney Pills warrants me in recommending them very highly."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

## GLADYS VANDERBILT'S WEDDING GOWN TO BE RICH SATIN CREATION

NEW YORK, Nov. 19.—Wedding bells are ringing through town and country where all the world one knows congregates, and the hour of the debutante is arriving swiftly!

Of all the tresses toward which society gazes that of Gladys Vanderbilt is the most important. The wedding gown is to be a heavy but very soft white satin, thick almost as lady's cloth, but simple as crepe, and shot with silver brocade will be introduced. Some of the details of the gown have not yet been determined upon, but the last model that was submitted, and that met with approval both of Mrs. and Miss Vanderbilt, is cut princess with a front panel of large figured brocade in which silver appears lightly.

Around the bottom of the skirt goes a very wide lace flounce, draped and held in place by small choix of brocade.

The same flounce is worked most cunningly into a drapery or jabot to adorn the train, which, like the panel, is of brocade.

The bodice, instead of fitting gracefully draped lines and is embellished with small flowers through which on occasion a line of silver.

The same design, enlarged, appears around the bottom of the skirt where the

source is caught up. The fact for embroidery is shown in the deep guilpote of the bodice, which is similar to that on the skirt, but much of the design is outlined with a silver thread.

The satin is brought over the shoulders in wide kimono effect and the short sleeve that comes below it is lace drapery.

Stockings to go with the gown are white silk, embroidered very lightly in silver, and the slippers are of brocade like that of the gown, and are ornamented

The satin is brought over the shoulders in wide kimono effect and the short sleeve that comes below it is lace drapery.

Stockings to go with the gown are white silk, embroidered very lightly in silver, and the slippers are of brocade like that of the gown, and are ornamented

## Women Use More Care in Selecting a DRESS Than in Choosing a HUSBAND

(By H. C. SILVER.)

DENVER, Nov. 19.—In her very clever dissertation on what a man demands in a wife, Beatrice Fairfax unconsciously gives the man credit for at least knowing what he wants. The failure of woman to know what qualities she wants in a husband

band has led to most of the domestic

tragedies. There is no reason why a man should not have in his mind certain specifications which a wife must meet to make him content. But I cannot verify Miss Fairfax's pessimistic assertion that the man's first demand is physical beauty.

The happiest, most contented and best loved wives I know are quite ordinary in the physical grades, but the character of their intellect has determined their condition of contentment.

And the husband of each of these happy women will make oath that his wife is the prettiest creature on earth—so blinding is the power of love.

Most of the domestic shipwrecks revealed by the divorce courts could be prevented by woman. If she would exercise the same scrutiny in the selection of a husband that a man does in choosing a wife, she probably would marry her true affinity, and not be led by some mad and temporary passion into an alliance with a man with whom she has nothing in common.

FAILS TO ANALYZE THE CANDIDATE. Many a woman marries a man who would be a good husband to another kind of woman. To her this husband becomes abhorrent because she failed to discover, before marriage, that his qualifications, his mind, his habits, his training, are all the direct opposite to her own.

All a woman thinks when she is marrying a man is that she loves him. In most cases she does not know she does. She thinks she does. She has not stopped to analyze her own heart, even. It is one mad dash for the altar—and then bitter retribution.

A girl who takes merely a liking to a man is generally willing to believe all she is told. She does not employ criticism; she does not question. Instead she gulps in every word she is told, and soon, in her estimation, he has raised himself on a throne and is offering her the earth and all there is in it and on it.

It is true that every girl has her ideal. As a schoolgirl her mind pictures a big, handsome fellow, and that is as far, and mind of hers had not gone so far, and never will, as to specify what the moral and mental qualities of this ideal shall be. He is to be simply big and handsome.

And then fate usually comes along on

## Miss Ridgely To Soon Become Debutante in Washington

WASHINGTON, Nov. 19.—Miss Eleanor Ridgely, second daughter of the compiler of the directory, who a few days ago was made of honor at the marriage of her sister to Phelps Brun, of Indianapolis, will also make her initial bow this year. She is exceedingly popular among the younger set and is very pretty, with bright, fresh coloring and rather light hair. She has spent the past twelve months in Europe and will be formally introduced at a tea shortly after Thanksgiving.

## FORMER MISSING WITNESS THREATENS HARRY K. THAW

Says She Will Take Stand and "Get Even."

PHOTOGRAPH OF IDA VERONICA SIMONTON, THE MISSING WITNESS IN THE FAMOUS THAW-WHITE CASE, WHO HAS BEEN LOCATED IN PITTSBURGH, WHERE SHE RECENTLY ARRIVED FROM AFRICA, WHERE IT IS SAID SHE WENT TO ESCAPE THE FIRST TRIAL OF STANFORD WHITE'S SLAYER. MISS SIMONTON NOW DECLARES SHE WILL "GET EVEN" WITH HARRY THAW, BECAUSE REPORTS HAVE BEEN CIRCULATED THAT SHE HAD ATTEMPTED TO BLACKMAIL HIM. SHE SAID SHE WILL TELL MANY THINGS THAT WILL CHANGE THE ASPECT OF THE CASE.

## TABLE PHONE ENABLES DEAF QUEEN TO HEAR

Queen Alexandra has for many years suffered from deafness, making conversation with her Majesty extremely difficult. Several instruments are now on their way to the queen from America, however, which will enable the king and queen to converse. She has dreamed of an ideal man, and the first man that arouses her affections at once becomes, in her mind, that ideal.

## Pretty Artist Has Menagerie of Pet Models

Miss Lucy Kemp-Welch, the famous animal painter, possesses a small menagerie of pet creatures which serve her as models. At her capacious studio at Bushy she incessantly piles her brush in the delineation of equestrian studies, in which she excels. She combines pink with genius, for one day, a spirited horse, serving as a battle model in her studio, escaped into the street; but, nothing daunted, the artist rushed after and captured the runaway and brought him back.—Tit-Bits.

## LONDON TIT-BITS SPECIAL NOTES FOR WOMEN

LONDON, Nov. 6.—Our gloves come to us very largely from Austria, where in the city of Prague alone there are some 200 glove-making houses.

Unusually stains on knives may be removed by means of a slice of raw potato dipped in bricard. Stained ivory knife handles should be rubbed with a cloth dipped in turpentine.

One London Mothers' and Infants' Society, which teaches poor women how best to take care of their children, gives lessons demonstrating how to make children's cradles out of old banana boxes.

Lady Wimborne, who is interested in the experiment of establishing small holdings in Dorset, is sending a Danish method of rearing poultry and marketing eggs.

Oil stains on wood should be spread with a paste made of pipeclay and water, this being rubbed off the next day, whilst vinegar and water remove fly stains on varnish, and paraffin eliminates whitewash marks on stained floors.

Switzerland possesses the only woman jailer in the world. She is Mme. Porchet, "governor" of the jail at Aigle, in the Rhone Valley, for seventeen years.

The jail has accommodation for twenty offenders, whose sentences range from a month to two years' imprisonment.

The worrying woman rarely eats nourishing food. She is too busy going into mental spasms about some unimportant detail in life.

The wholesome, normal, healthy woman will be methodical in her attendance at her meals. She will eat well, and seem ready to meet an earthquake or a flood.

Fifty years ago grandmothers were expected to be all of one type, whose outward expression was a handkerchief folded smoothly about the neck, a cap and a pair of spectacles. Today they keep their own individuality, dress as fashionably as their purses will permit, travel about, entertain, and are always "lively" quite.

The congregation of a fashionable church in Philadelphia had the novel experience on a recent Sunday of listening to a sermon by the wife of the pastor. She delivered a sermon on the children.

Mme. Patti has had innumerable triumphs, but she regards as the proudest

moment of her life that when, at a dinner given by Mr. Alfred de Rothschild, King Edward, then Prince of Wales, proposed the health of "my old and valued friend, Mme. Patti."

To clean ivory, a paste of sawdust, lemon juice, and cold water should be spread over the surface and left until dry, when a brush should be used with which to remove it. A paste of prepared chalk and a few drops of sal volatile rubbed on with a chamois skin is also helpful in removing stains.

Our Royal Princesses, on frequent occasions when staying in London, much enjoy their own shopping, such excursions being generally conducted in the morning before very many people are about. Shopping later in the day, doors have sometimes had to be closed in order to keep out the crowd which now and then follows at their heels.

There are growing signs that fencing is more and more a pastime for women, and assuredly of all sports it is one which none can decry as unsuitable to the sex. It is because it affords so much exercise that it is to be commended to girls and women of getting the necessary amount of muscular work which all need if health is to be taken into consideration.

Some women realize the decorative possibilities of corners. The result is that in otherwise pretty and artistic rooms the corners are too often left bare. It is not advisable in a small room to fill up or cut off corners by putting large pieces of furniture diagonally across them, for this simply diminishes the apparent size of the room. Hanging furniture fills the need admirably, for a small cabinet or bookshelf can be readily suspended to break the awkwardness of the corner.

A typical illustration of the Duchess of Portland's endeavor to benefit suffering humanity is forthcoming from Cresswell, a few miles from Woking, Notts. A man named Albert Evans, who at one time worked in the Cresswell Colliery, some years back sustained a serious spinal injury. By some means or other the Duchess of Portland heard of the poor man's sufferings, and she at once provided the funds for his removal to London in order that he might undergo an operation; and when Evans returned home the Duchess purchased a bath-chair for him. This kindly act took place some time since, the Duchess, whenever she visits Cresswell, gives Evans a call.

Mrs. Keadell, the well-known actress, has said that, in order to become a good actress, one "must have the temper of an angel, the figure of a Greek statue, the face of a goddess, and the skin of a rhinoceros."

## SOCIETY GOSSIP

The Ebell luncheon this afternoon was an interesting event in the club and social world. Covers were laid for several hundred guests including club members and their friends. The decorations were an effective combination of autumn foliage and flowers. The committee in charge of Mrs. George Gross, with Mrs. J. Loran Pease, Mrs. J. C. S. Ackley and Mrs. H. S. Kergus assisting received many compliments for the pretty arrangement of leaves and flowers.

Mrs. Harry J. Knowles was chairman of music and presented a brief but attractive musical program. Mrs. H. H. Sherwood contributed a lute solo and there was a vocal duet by Mrs. Knowles and Miss May Cogburn.

Mrs. Elias Gray was presiding hostess today, assisted by Mrs. James B. Hume, president of Ebell, and Miss Eva Powell.

Mrs. Charles J. Woodbury, Mrs. Harry P. Carlton, Mrs. Willard F. Williamson, Mrs. E. C. Van Holme, Mrs. Frank M. Hurd, Mrs. Jennie Hill, Mrs. B. C. Farrum, Mrs. David Gage, Mrs. E. M. Gibson, Mrs. Frances Gray, Mrs. T. Emmert, Mrs. E. N. Englehardt, Mrs. A. M. Estrella, Mrs. Charles E. Girvan, Mrs. G. W. Fisher, Mrs. Frances Ferrier, Mrs. D. E. Esterbrook, Mrs. Rosemary Dobbin, Mrs. B. C. Dick, Mrs. W. A. Dow, Mrs. J. T. Dillo, Mrs. Clarence H. Gray, Mrs. John D. Moby, Mrs. Wallace Everson, Mrs. Arthur E. Drake, Miss Annie Ferrier, Mrs. Theresa Gayles, Miss Eleonore Drusell.

Ebell is planning a social and musical afternoon for next Tuesday at the club house and the arrangements for the day are in charge of Mrs. George W. Percy.

## VEILS FOR WINDY DAYS

Dame Fashion has said we must have no hips this season. Another mandate that she has set forth is that all dressed women must wear a veil with all street costumes. The latter order seems to have been gratefully accepted by the cringing public, for rarely is a woman seen on the street this season without a veil of some sort or description. We who live in big cities have a large assortment to choose from, those of us who are favored with gold and shekels, can satisfy our every want and have a veil for each and every costume, but the woman who lives out of town, with a small purse, must manage with fewer veils and less conspicuous styles.

### CHIFFON AND NET.

These popular face coverings are made mostly of two materials—chiffon and net. As both these materials are to be purchased by the yard in any department store, the making of veils at home is easily accomplished and at a great saving of money. Brown is by far the most becoming and most popular color for all-round service. Brown veils made up cost from \$2 to \$5 each at the stores. The clever girl can save at least one-half of this amount by buying brown "ring-doll" set at the lace counter and making the veil at home. The long, sweeping veils worn so much last summer are past and gone. Today the longest veil is a yard and a half. The ends no longer flow in the winds, making an ungainly sweep of chiffon flying after us. They are snugly tucked up under the back, rim of the hat and pinned tightly on the back of the hair by means of a fine hairpin or fancy veil pin. But remember, no long streamers at the back!

Whatever the color of your new winter hat, match it in chiffon or chiffon cloth of its quality. If the hat is very large you will need a yard and a half. To be made in fashionable style, this veil should be edged all around with some

## Fashion Says One Must Be Worn With All Street Costumes.

trasting fabric, but of the same color. By that I mean, use the chiffon with three rows of tiny brown velvet ribbon or brown silk lace or insertion with irregular edge. Or if you wish it perfectly plain then hem-stitch it all around or feather-stitch it with brown floss. You cannot buy brown edgings or insertion, but you can dye white lace to any desired shade by the investment of 10 cents in any reliable dye. These chiffons and nets come in every conceivable shade and any hat or plume can be matched almost exactly. Nets that are double width should be cut in half for ordinary sized hats. Put the other half away until the part you are wearing is soiled and mused, then take out the fresh one and you will have pretty veils all winter.

Veils are not worn in the evening except for the purpose of keeping your hair in order going to and coming from a certain objective point. If you wear a veil in going to the theater, reception or other place of amusement you must take it off entirely when you arrive, and it is always better, not to wear them at all after dark unless absolutely necessary as a protection against wind and bad weather.

The woman in mourning who is not wearing crepe will find that a perfectly plain hemstitched chiffon veil is her best choice. A veil for this purpose must have no dots and fancy nets are not permissible.

A number of young women employed as telegraphists by the Danish government recently struck work, demanding higher pay and treatment equal to the men. Both demands were readily granted on condition that their work should equal that of the male operators, who, in cases of emergency, have to work on the line.

The strikers agreed and now women are to be seen climbing telegraph poles to mend broken wires.

## The Waiter.

(By Edwin E. Gablin, in "What to Eat.")

I've seen S.J. and So with another man's wife. I've seen High Society eat with its knife. I've heard the worst claret pronounced "nonpareil."

I've heard the best Roquefort condemned for its "smell." I've charged folks a dollar for breathing the air.

I've charged them a second for using a chair. I've bowed and obeyed, and I've always agreed.

My business to serve is, and not to take it easy. A quarter will cause me to doubt my own mind.

And after a half I am deaf, dumb and blind. And folks may make love, when the law would deny.

They may sugar their dearest tales, shovel their pie. They may misjudge the cheese and the wine if they will.

They may think they have dined, by the size of their bill. They may read the French menu with glaucous eyes.

Demand haricots when they all beans. I'll never say a word, and no face is kept straighter.

But oft-times I'm proud that I'm only a waiter.

## Woman of 36 Mother of 16

CHICAGO, Nov. 19.—It seems hardly kind to boast upon President Roosevelt all the extraordinary instances of numerous progeny, but his attention is respectfully called to Chicago's champion family.

Mrs. Lucia Adduci, who is thirty-six years old and still retains her original freshness, recently became the mother of her sixteenth baby.

This is Rooseveltian glory enough, but the father is entitled to a large share of the credit. He has the proud record of having cared for this huge family on the wages of a track laborer—from \$1.75 to \$2 per day.

## The Apron.

I'm a foolish little apron—Lawn and lace, you know the kind—With blue bowknots on my pockets, And pert strings that tie behind; But I wreak the deadliest havoc That the heart of maid could wish. When she wears me, superintending Rarebits in a chafing dish.

Be it boys of gay and twenty, Or grave widowers, two score, Be it bandiet, or even The elusive bachelor—When they meet my ways beguiling, Oh, I chuckle while I win! For they all say she is, somehow, "So intensely feminine!"

She has given up athletics; It's no longer worth her while To acquire tan and freckles—Golf meant many a weary mile! I'm a foolish little apron, But there's nothing that can vie In man's heart with such a combine As that chafing dish and I.

As that chafing dish and I.

As that chafing dish and I.

As that chafing dish and I.

As that chafing dish and I.

As that chafing dish and I.

## Recognition.

They wander by the sea and waves In loving fancy free, One little favor all the day: "Ah, sweet, remember me! When summer breezes kiss the flower, When winter blazes the tree, I only ask in such an hour That you'll remember me!" Just one short month slips by—once more—In Broadway's dizzy maze Behind the counter in a store She meets her loving gaze And looking at her erstwhile flame With true patrician vim She turns aside with scorn and shame—She has remembered him!

## CONCERNING WOMEN

Mrs. Arthur Stannard, known in the literary world as John Strange Winter, thinks the girls of the present day need more sleep and the reason they do not get it is because they have not earned it. Work, well, play well and you will sleep well is the advice she gives to her sisters. Play she regards as quite as necessary as work and both together will bring the after reward of sleep and the health that is necessary to beauty.

## BECOMING A MOTHER

Is an ordeal which all women approach with indescribable fear, for nothing compares with the pain and horror of child-birth. The thought of the suffering and danger in store for her, robs the expectant mother of all pleasant anticipations of the coming event, and casts over her a shadow of gloom which cannot be shaken off. Thousands of women have found that the use of Mother's Friend during pregnancy robs confinement of all pain and danger, and insures safety to life of mother and child. This scientific liniment is a god-send to all women at the time of their most critical trial. Not only does Mother's Friend carry women safely through the perils of child-birth, but its use gently prepares the system for the coming event, prevents "morning sickness," and other discomforts of this period.

Sold by all druggists at \$1.00 per bottle. Book containing valuable information free.

# CANDIDATES ARE SECURING MANY NEW SUBSCRIPTIONS

## VOTE SHOWS MANY CHANGES

### You Should Get Your Share of the Votes.

The offer of 1000 votes for a new subscription for three months is proving to be a winner judging from the number of new subscriptions the candidates are securing.

This offer of 1000 votes does not require any advance payment. All that is necessary to do if you are not already a subscriber to THE TRIBUNE is to sign a contract agreeing to take THE TRIBUNE for three months, if you do this, you are entitled to 1000 votes for your favorite candidate.

**ADVANCE PAYMENTS.**

Votes will continue to be issued on all old and new paid-in-advance subscriptions as in the past.

**OFFER ENDS SATURDAY.**

The offer of 1000 votes for new subscribers ends Saturday night. This offer will not be extended, or repeated. It is necessary to close the offer of 1000 votes on next Saturday, in order to have them all verified by the close of the contest.

**J. T. FEELEY.**

J. T. Feeley has come into the running again, and has advanced to second place, leaving E. C. Hahn, third in the contest for the \$1500 Rambler touring car. Miss Tibbitts still holds first place by a good majority.

**MANY NEW SUBSCRIBERS.**

The candidates have found it easy work to sign the subscribers of the local afternoon paper that recently suspended, and are increasing their votes materially. If you expect to be a winner you should get busy at once, and increase your vote.

The offer of 1000 votes for a new subscriber will end Saturday of this week.

**MANNER OF VOTING.**

A coupon good for one vote will be published in each issue of THE TRIBUNE until the end of the contest. This coupon, if clipped and sent to the Contest Manager of THE TRIBUNE, will count as one vote for the contestant named therein.

There is another and better way of securing votes and that is on subscriptions. Votes will be given on all paid-in-advance subscriptions as follows:

Three months \$1.00.....100 extra votes  
Six months \$1.50.....300 extra votes  
One year, \$2.00.....1000 extra votes  
Two years, \$3.00.....2000 extra votes  
Three years, \$3.50.....5000 extra votes

Three hundred votes are also issued on a classified advertisement. A coupon book which contains coupons worth \$2.50, but sells for only \$2.

**CLASSIFIED AD COUPONS.**

An innovation in voting contests is the issuing of votes on classified advertisements. A coupon book containing coupons to the value of \$2.50 is sold for \$2. This is a saving of 25 cents to the advertiser, and will prove a great investment.

**SOMETHING SHOULD BE DONE**

What is Causing the Increase of Catarrh in Oakland?

In spite of the best efforts of medical men, catarrh troubles are increasing not only in Oakland, but all over the country.

Catarrh is a germ disease, and to cure it germ life in the breathing organs should be destroyed, and to do this no other treatment has such positive and beneficial action as Hyomel.

When the mucous membrane is irritated and raw and the tissues weakened, there is an ideal lodging place for catarrhal germs. Breaths, Hyomel and see how quickly it soothes the membranes, kills the germs, and destroys all the disease germs, rendering catarrh no longer possible.

There is no dangerous stomach drug when Hyomel is used, no salts or liquid mixtures whereby the digestion is often destroyed and intestinal troubles added to the horrors of catarrh.

Breathed through the neat pocket inhaler that comes with every Hyomel outfit, the healing balsams penetrate to the most remote air cells of the throat, lungs, and sinuses, destroying the catarrhal germs so that quick recovery follows.

We positively guarantee Hyomel, for should you buy outfit, price \$1.00, and be dissatisfied with results your money will be refunded. Hyomel is sold by druggists everywhere. Write for literature Booth's Hyomel Co., Buffalo, N. Y.

**WILL NOT OPEN WHEELER STREET**

Protest is Sustained by City Council After Long Session.

The City Council last night sustained the protest against the opening of Wheeler street from Alcatraz avenue to Sixty-fifth street, and from Sixty-sixth street to the Berkeley line. Councilman Ellsworth gave notice that he would introduce a motion to reconsider the matter next Monday night. Before action was taken on the protest a letter was read from John T. Carey, asking that his name be withdrawn from the protest. Carey based his request on the ground that the protest involved is almost without fire protection and that in case of fire all the buildings in that section would be wiped out.

**Daily Important Facts and Timely Advice**

# FOR MEN

**IF YOU Are Suffering From Any Private Disease**

You should always take EXTREME CARE as to the physician into whose hands you entrust your health. Remember that INACCURATE TREATMENT or services of an incompetent doctor may ruin your health for life. When we can AND DO offer you a service superior to that which you can obtain anywhere else in the West, is it not CLEARLY to your own best interests to consult us first? Although you are perfectly safe in our hands, our fees are only moderate. In every case they are as low as the very best care will admit of.

**Don't Be Misled by Cheap or Free Cure "Baits"**

YOU CAN'T get SOMETHING for NOTHING. Remember THE BEST is always the CHEAPEST, and if you wish to get WELL, you must AVOID MUSEUM DOCTORS or PHOTOGRAPHS of non-existent DOCTORS, or ELECTRICITY FAKERS as you would AVOID CERTAIN DEATH.

**THERE** is nothing which causes more mental suffering than the consciousness that the FIRE and VIM and the VIGOR OF YOUTH have been lost or greatly depleted. You may APPEAR to be healthy enough, but you go about knowing full well that you are but HALF A MAN! The stop loses its elasticity, the eye becomes dim, and there is lack of confidence in yourself. If you are one of these unfortunate, COME TO US AND WE WILL CURE YOU! All your lost strength will be restored and you will once more feel the rich red blood coursing through your veins with that splendid sense of full satisfaction that only PERFECT MEN enjoy.

**Life Is Short! Don't Be a Weak, Patched Up, Half a Man**

We claim to AND DO offer a distinct class of service solely our own to men who are suffering in any way FROM ANY TROUBLE WHATSOEVER. Each member of the faculty has been selected for his excellence in his particular line of work. All the members of the staff are well known to the people of Oakland and vicinity as

## The MASTERS OF MEN'S DISEASES

OUR Cures are positive, complete, thorough and permanent, because by our methods the real and only cause of the functional WEAKNESS is totally removed. The knowledge gained by close study and observation in thousands of cases enables us to recognize the exact requirements and treat accordingly, and in years we have not failed in a single instance to accomplish the desired results.

OUR PHENOMENAL SUCCESS is due to the fact that WE know how and do CURE. WE CAN POSITIVELY CURE YOU, make you STRONG and VIGOROUS and once more ABLE to taste the joy and happiness of living, NO MATTER HOW LONG STANDING and COMPLICATED your case may be.

**We Cure Sexual Weakness—Draw Losses—Spermatorrhea—Kidney—Bladder—Dribbling Urine or Prostatic Trouble—Acute or Chronic Gonorrhea—Syphilis or Contracted Blood Disease—Gleet—Stricture—Varicocele—Hydrocele—Swellings—Rupture—Ulcers—Sores—Skin Diseases or any other trouble, even long standing, deep seated disease.**

**WE POSITIVELY GUARANTEE TO CURE EVERY CASE WE UNDERTAKE AND YOU PAY WHEN CURED**

OUR HOME OFFICES are located in our own building, which is occupied by ourselves exclusively. THEY ARE STRICTLY PRIVATE, and equipped with the most modern appliances and latest inventions essential for the proper treatment and prompt cure of all special diseases of men.

Oakland and San Francisco Hospitals, Banks and thousands of complicated cases we have cured where others have failed are our best references.

Write if you cannot call. Our system of HOME TREATMENT is always CERTAIN and most successful.

## Don't Let Your Piles Grow

Every Hemorrhoidal Ulcer is a Fertile  
Field for Cancer and Other  
Deadly Diseases.

**TRIAL PACKAGE FREE.**  
Constipation unchecked brings inflammation, inflammation begets piles and piles too often superinduce tumors of malignant nature.  
Piles (or hemorrhoids) rarely kill, but they cause more agony in a few minutes than much more serious troubles. They are easy to cure if you go at it right.  
An operation with the knife is dangerous, agonizing, and rarely a permanent success.  
There is just one way to be cured—one sure way, painlessly and privately—and that is with Pyramid Pile Cure.  
We mail a free trial package to all who write.  
It will give you instant relief, and start you well on the way to a perfect cure. Then you can get a full-sized box from any druggist for 50 cents, and often one box cures.  
Insist on having what you call for. Just send your name and address to Pyramid Drug Co., 57 Pyramid Building, Marshall, Mich., and receive free by return mail the trial package in a plain wrapper.  
All druggists, 50 cents. Write today for a free package.

## A Little Chat With Willie.

"When the north winds do blow we will surely have snow." That's the jingle I used to hear when I lived away back in Binghamton, New York, where I was born and started raising. Now north winds are dangerous to play tag with; they "penetrate the diaphragm" and "pierce the marrow." They go clear through you. Stop 'em by one of our overcoats. Prevent them hurting you by buying heavy woolen underwear—buy one of our red-hots—a fancy vest. Why, they are so warm you will sweat if you wear one—and stylish? Whew—where? Why only at

## For Friendship Sake

Have you a friend who is a victim of alcoholism or opium, morphine, cocaine or any other drug? If you have you know that they are going rapidly down to a terrible death.

Perhaps they have tried and tried again to free themselves, but in their weakness and diseased condition they have found it impossible. If you have a friend and a dear one so unfortunate, you can render them no greater service than to write a letter to the Keeley Institute, 2380 Sacramento street, San Francisco, and ask for information regarding the Keeley Gold Cure.

This is the only cure for alcoholism and drug addiction. It has cured—over 300,000 men and women—in all walks of life. It will just as surely cure your friend. If convenient for you to call, the management will be pleased to advise you regarding the case in which you are interested and have you see the cheerful, homelike sanitarium where patients are treated under the most favorable conditions. Eddy street (Chutes) cars pass the door.

## THANKSGIVING

A good old American custom comes yearly with good or bad times but this year we have more than ordinary causes for joyous Thanksgiving—prosperity, health, good business, Clearing House certificates, 'cause they are better than gold, and last but not least a store that always makes pure Candies and Ices. This is the chief cause.

## FINEST PLAYS FOR OAKLAND

**Charles P. Hall Obtains Big Contract for the Macdonough Theater.**

Charles P. Hall, manager of the Macdonough Theater, has just returned from a seven-weeks' stay in New York, where he obtained one of the finest contracts ever issued by Klaw & Erlanger, and which means that this city will be given the opportunity to see the finest offerings in the theatrical world. Hall takes pride in the contract, which he says is one of the best and for the longest time ever issued, being for eleven years, the extent of his lease on the Macdonough.

An innovation in the new contract which will be greeted with pleasure by theatergoers is the agreement that performances will be given for an entire week by the leading companies and that no less than five performances will be given in this city by every attraction. Among the attractions which will appear in this city at the Macdonough during the coming week are Ben Hur, The Merry Widow, John Drew, Maude Adams, Elsie Janice, Mrs. Patrick Campbell, Viola Allen, Nat Goodwin in his new play, Maxine Elliott, Sam Bernard, Eddie Foy, Raymond Hitchcock, Robert Edson in his new play "Classmates," William Faversham, William Gillette and William H. Crane.

**GREAT CONTRACT.**  
Hall said in regard to his trip to New York: "I obtained one of the finest contracts ever issued by Klaw & Erlanger, and Oakland will have the finest attractions in the theatrical world."

"I had a long interview with A. Burton Hepburn, one of New York's leading financiers, and he told me that he believed the money flurry to be about over. The theatrical business in New York is big and the financial stringency did not affect any of the big attractions. The next eleven years will be the biggest and most eventful in the theater-going circles of Oakland, so big are the attractions I have obtained."

**Hindoes Cause Arrest of Proprietors of Local Employment Agency.**

Because of the arrest of J. W. Wellington and J. C. Tom, proprietors of the Bay View employment agency at 412 Sixth street, the offices have been closed. The two men are held, pending an investigation into their operations and manner of taking fees, it being alleged that money is collected and no work obtained for patrons.

A week ago thirty-seven Hindoes, who say they paid the agency \$2 each were left stranded at the Sixteenth-street depot, where they waited in vain for two days for the agent to appear and show them where they were to find work. Yesterday twenty Greeks appeared at the police headquarters and complained that several days ago they paid the agency \$2.50 apiece. They were given receipts signed by Wellington and told to come around Friday and they would be given work in the city.

**AGENCY CLOSED.**  
The men met at the agency on the day set and were told to come again yesterday. Again they presented themselves and found the office of the agency closed. There was good reason for its being closed—the proprietors were in jail.

The Greeks complained that the agency had kept their trunks, nine in number. The police claim that the complaints against them will run into the hundreds. They have the books of the agency in their possession, and it is shown by them that Wellington and Tom received a \$200 fine from one crowd of laborers Sunday was a good day, too, and the books show receipts of \$100.

The arrests were made yesterday by Officer Freely and the men will be charged with obtaining money under false pretenses. Prior to the arrest Wellington was out on bail awaiting trial for the alleged swindle of two Filipinos in a similar manner.

**"RAFFLES" TO APPEAR  
AT THE MACDONOUGH**

The famous drama, "Raffles," the amateur crackman, the only play to remain in New York two hundred nights season before last, which opens at the Macdonough tonight, is an interesting and highly exciting stage performance. It is also a fascinating study in criminology. Raffles, as created by E. W. Hornung, a cousin of Dr. Conan Doyle, the author of the Sherlock Holmes stories, is of anything but the common or garden variety of crook, and his career, as exemplified by S. Miller Kent's performance, is a fine medium for the investigation of the questions: Is crime a disease? Is crime contagious? Is crime hereditary? In a dozen ways "Raffles" is something new in a stage entertainment. "Raffles" will hold forth until Thursday night.

Commencing with Friday night, and including Saturday matinee and night, Fritz Scherf will be the attraction in a dainty comic opera, "Mlle. Modiste." Seats are now ready.

**EX-POST OFFICE CLERK  
GIVEN YEAR IN PRISON**

Luther F. Kullar, former clerk in the Sacramento postoffice, was sentenced yesterday by Judge De Haven to one year in the Alameda County Jail. He pleaded guilty to stealing \$416 in a registered letter. Other charges of stealing about \$900 were dismissed.

# Drink Schlitz

## with the Dinner

Schlitz Beer is more healthful than any wine. The small percentage of alcohol—only 3½%—and the bitter of the hop are both aids to digestion.

The full flavor, too, adds a relish.

But most important of all is the purity for which Schlitz stands. It is brewed in cleanliness—cooled in filtered air, well aged

so as not to cause biliousness, and every bottle is sterilized.

All these are reasons which make it worth while to order and be sure that you get Schlitz.

W. M. Pedersmann, the well known druggist of Kansas City, Mo., writes: "Our experience with Ellixir Kosine has been truly remarkable and beyond our most sanguine expectation. The many cases that have come under our personal observation that have been vastly improved and benefited, place us in a position to recognize a remedy of true merit. From a passive interest in this remarkable preparation, we have become very enthusiastic. We do not hesitate to give our personal guarantee to any one who is afflicted with this terrible disease, Epilepsy."  
Ellixir Kosine is free from alcohol, cocaine, morphine or opiates. It is so mild and so safe that it is sold with a guarantee. The price \$2.00 will be refunded.

## ENCOURAGES PARCELS POST LEGISLATION

Parcels post will be one of the greatest boons to the country merchant, according to Frank H. Galbraith, superintendent of mails for Chicago and vicinity. Galbraith is an advocate of the parcels post. He has ordered department superintendents to prepare exact data to prove to Congress that Chicago is the ideal spot to establish the first test station, providing the parcels post bill passes.  
"Properly operated, parcels post will be a wonderful aid to the big mail order houses and the small merchant alike," said Galbraith to a correspondent of a newspaper.  
"Special rural routes would help the small merchant hold his trade and would benefit the country merchant as well. The idea that the country merchant would suffer is erroneous."  
"The Australian or British sliding rate scale seems hardly practicable. I believe a flat rate of about 8 cents a pound to start is right."
